

# FOGS

Friends Of Griffithstown School

Last year we gave £1950 to fund creative resources across school to support the Donaldson curriculum.

We purchased Foundation Phase STEM equipment at a cost of £1135

We purchased new goal posts for our Football team, costing £200.

We purchased new easels and painting equipment for the whole of Foundation Phase which cost £724.

Also Rec/Y1 had a new role play kitchen set - £365

**With your help, we raised over £6500 last year! Every penny we make goes directly back into school to buy resources and provide learning experiences for the children.**
